EXPERIENCE

Senior Software Engineer II
Array, New York City, NY

September 2022 - February 2023

- Led initiative to improve web component accessibility by identifying non-accessible code, implementing automated testing with Playwright, and working with QA to develop manual testing plans.
- Built Svelte/SvelteKit web components for new customer-facing product initiatives
- Assisted back end engineers with UX and front end bugs

Senior Front End Engineer
Winston Project, LLC / Noodle, Inc., New York City, NY

July 2021 - September 2022

Acquired by Noodle Jan 2022

- Delivered production-ready custom component library from end-to-end with modern technologies in first 90 days
- Led front-end project setup, design and ongoing maintenance of solutions with high degree of autonomy
- Developed performant, scalable and reusable UI components using Alpine JS, Tailwind CSS, & Eleventy
- Identified & implemented bug fixes, UX enhancements and new features for custom CMS using Vue
- Migrated university microsites from legacy systems to proprietary CMS while maintaining and enhancing the component library with new features.

Front End Developer I – III

Kasasa, Ltd, Austin, TX — formerly Bancvue, Ltd

February 2013 - July 2021

- Collaborated with Product, UX, SEO, Analytics, and Back End teams to continuously improve Kasasa's CMS and website products, prioritizing the user experience.
- Self-directed rebuild of front end framework into Bootstrap, decreasing team development time for site builds by an additional 30%
- Lead developer on a special project team tasked with migrating 140+ websites into proprietary CMS, completing corporate goals within 6 months.
- Led project to launch sites in new enterprise-level CMS (dotCMS), including writing documentation and working closely with backend developers to determine product requirements
- Developed pixel-perfect websites from design mockups into a proprietary CMS using HTML5, CSS, and jQuery/Javascript, responsive web design, SEO & accessibility best practices

Web/Graphic Designer

QScend Technologies, Inc, Waterbury, CT

September 2010 - February 2013

- Design & frontend development for local municipalities, building site designs into QScend's proprietary CMS.

EDUCATION

B.A. Graphic/Information Design

Central Connecticut State University, New Britain, CT

2004 - 2008
